

**April 5 & 6, 2010  
Conference Agenda**

**Monday April 5**

- 1215 Registration**                    **Burton Morgan Building, Room 121**
- 1300 Short Course**                    Advances in RF Array Technologies  
Lead by **Dr. William Chappell** of Purdue University
- 1700 Reception**                    **Burton Morgan Café**

**Tuesday April 6**

- 0700 Stewart Center, Room 214**  
**Registration, Breakfast, and Poster Session**
- 0800 Stewart Center, Room 218**  
**Plenary Session**  
Welcome:                    **Larry McPike**, RF Alliance Director  
                                     **France Córdova**, President of Purdue University  
Technology Transition: **Cynthia Gonsalves**, Acting Director for the Office of Technology  
Transition (OTT),  
                                     **Duane Embree**, Technical Director NSWC Crane  
Army RF technology:    **Barry Perlman**, Associate Director of Advanced Technology (HPC), and  
Defense Advanced Research Projects Agency (DARPA) programs,  
Communications-Electronics Research, Development, and Engineering  
Center (CERDEC)  
Industry Perspective:    **Eli Brookner**, Principal Engineering Fellow, Raytheon
- 0950 Break and Poster Session**
- 1020 Topic Session 1: Reconfigurable Systems**
- 1115 Topic Session 2: Broadband Systems**
- 1210 Lunch**  
Luncheon Speaker:        **Brian Tanner**, President/Chairman SpacePort Indiana, Inc.
- 1315 Parallel Sessions**  
**Stewart Center, Room 302:** RF Technology Application (ITAR)  
**Stewart Center, Room 218:** Emerging Technologies
- 1515 Break**
- 1535 Topic Session 3: Low Cost Arrays**
- 1700 Conference Concludes**
